13 **MEMORANDUM OF POINTS AND AUTHORITIES**

14 F.R.Bankr.P. 2004 provides, in relevant part, that upon motion of any party in interest, the
15 court may order the examination of the debtor or any other entity regarding the acts, conduct,
16 property, liabilities and financial conditions of the debtor, or any other matter which affects the
17 administration of the debtor's estate or the debtor's right to a discharge. Rule 2004 further provides
18 that production of documents may be compelled at this examination.

19 The Trustee seeks to conduct oral examination relating to the Debtors' assets, liabilities,
20 and financial affairs to ascertain the facts and circumstances surrounding potential manipulation
21 of Debtor's share prices from September 21, 2020 through August 7, 2024, and how the
22 manipulation affected Debtor's financial condition for possible recovery on behalf of Debtor's
23 estate. The Trustee also seeks to compel production of the following documents from Citadel (all
24 documents of which are for the time frame of September 21, 2020 through August 7, 2024, and in
25 respect to Meta, MMTLP, or other CUSIPs or legend identifiers pertaining to Meta or MMTLP):

- 26 1. All messages relating to the routing of orders of any type for shares Meta and/or
27 MMTLP using FIX or binary protocol or any other protocol used for similar
28 purposes, in the original format the data was saved, received from client broker-
dealer of Citadel and sent to client broker-dealers of Citadel.
2. All messages relating to the routing of orders of any type for shares Meta and/or
MMTLP using FIX or binary protocol or any other protocol used for similar

purposes, in the original format the data was saved, routed to an exchange or off-exchange trading venue on behalf of a client broker-dealer of Citadel and received from an exchange or off-exchange trading venue on behalf of a client broker-dealer of Citadel.

3. All messages relating to the routing of orders of any type for shares Meta and/or MMTLP using FIX or binary protocol or any other protocol used for similar purposes, in the original format the data was saved, routed to an exchange or off-exchange trading venue on behalf of Citadel and received from an exchange or off-exchange trading venue on behalf of Citadel.
4. All communications electronically stored in the original format captured, including transactions records and emails, related to locating, securing, borrowing, and delivering shares of Meta and/or MMTLP, including records of instances where Citadel failed to deliver (FTD) shares of Meta and/or MMTLP and records of how Citadel rectified the outstanding FTDs.
5. All records of position data representing Citadel's position in Meta and/or MMTLP, including tallies of shares sold short that were located and/or successfully borrowed as well as shares sold short that were not located and/or successfully borrowed (e.g. the position corresponding to naked short sales), produced at the frequency such data was recorded).

The requested discovery from the Custodian of Records of Citadel is well within the scope of examination permitted under F.R.Bankr.P. 2004, which includes:

[t]he acts, conduct, or property or ... the liabilities and financial condition of the debtors, or ... any matter which may affect the administration of the debtor's estate, or to the debtor's right to a discharge. In a ... reorganization case under chapter 11 of the Code, ... the examination may also relate to the operation of any business and the desirability of its continuance, the source of any money or property acquired or to be acquired by the debtor for purposes of consummating a plan and the consideration given or offered therefore, and any other matter relevant to the case or to the formulation of a plan.

1 WHEREFORE, the Trustee respectfully requests that this Court enter its Order authorizing
2 the examination of the Custodian of Records of Citadel, as described herein. A proposed Order is
3 attached as **Exhibit 1**.
